Dear Colleague

**PAY AND CONDITIONS OF SERVICE
REMUNERATION OF DENTAL VOCATIONAL
TRAINEES (DVTs)**

Summary

1. This circular informs NHS Boards of the rate of pay for current dental vocational trainees (DVTs) in the Public Dental Service (PDS) and of future arrangements for new appointees to post.

2. The salary for a DVT post will be increased by 1 per cent from 1 April 2015 as a result of the Scottish Government accepting the recommendations of the Review Body on Doctors' and Dentists' Remuneration (DDRB).

Background

3. At present DVTs who are employed by General Dental Practitioners (GDPs) are paid at a rate set down in the Statement of Dental Remuneration (SDR). This constitutes the vast majority of trainees. For the small minority of trainees employed in the PDS, the 2014-15 salary details can be found in PCS(DD)2014/2.

4. From 1st August 2015, the intention is to ensure equivalence in rate of pay for all trainees and that this will be determined by the SDR. Therefore, from 1st August 2015 NHS Boards should refer to the SDR for DVT salary information. Additionally, there is no longer a separate pay circular for the Public Dental Service and dental training grades. This has been incorporated into the main pay circular for doctors and dentists: PCS(DD)2015/1. Paragraph 10 of this circular, issued on 19 March 2015, advises that the DVT salary is detailed in Determination IV of the SDR.
